Ashford Church of England Primary School

Year 1

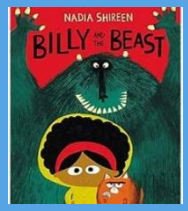

Autumn 2

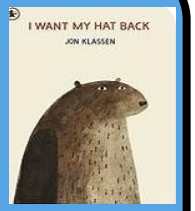

Maths

This term in maths, we will be learning about numbers to 100. The children will explore counting, number lines and number patterns, whilst developing their understanding of tens and ones. We will also compare numbers and quantities and use part-whole models to help us understand how numbers can be split and combined.

Every morning we will be practising our number skills by completing our 'tough ten' questions.

This half-term we are reading:

English

We will be focusing on writing sentences and remembering their capital letters, finger spaces and full stops.

We will introduce question marks and when to use them.

We will encourage the children to extend their sentences using adjectives and conjunctions such as 'and' and 'because'.

Towards Christmas the children will write their own Billy and the Beast story.

RE

Our big question for this half term is – **Why is each person in the Nativity important?**

We will be reading the Nativity story and consider why each person is significant in the story.

Science

This half term we are looking at the four seasons and the different weather associated with each season.

History

We will be looking at toys through the ages and find out how toys have changed over time.

DT

We will be creating a Christmas stocking using different joining techniques

Music

We will be learning our songs for the Christmas Nativity.

Computing

We will be creating our own digital paintings.

PE

We will be taking part in a variety of team building games and activities.
