Year 6 HOME LEARNING

Week Beginning 12/07/2021

Weekly message for Year 6

Dear Year 6, welcome to this week's Home Learning.

We hope you enjoy it and we look forward hopefully being back in school with you all next week.

We are very keen to hear from you and see the work you have been completing at home. Please send us a copy/photo of your work on the celebration's emails. We love seeing all the things you have been busy doing.

This week's maths work will be White Rose activities. There is a video for each day. There is no worksheets but on the video it will ask you to complete some tasks, pause the video at that point and complete the tasks before continuing to watch.

If you would like your login details for TT Rockstars please send a request via the celebrations email address.

In English this week we will be recapping a variety of things we have learnt so far this year.

For SPaG this week there is a different task for each day, please complete each task on the day set.

For RE this week we will be having our iShare session based on our theme of change.

For Art we will be creating portraits of Mr Austin in the style of Julian Opie. We collate this into a goodbye gift for him. We will also be looking at some Mayan style art and creating our own.

For Computing you can follow this link – [Discovery Coding](#) and have a go at some of the activities. To log in use: Username: student23042 Password: ashford

For Science we are using our scientific enquiry skills, looking at different liquids and how they react to dish soap.

Please do not feel that you need to print all the documents in order to complete the home learning activities. We will be very happy to see evidence of your answers on paper or in a notebook. Just take a photo and send it to us.

Thinking of you all

Miss Pooley and Mr Dodman
