

16 March 2023

Dear Parents and Carers,

I am writing to update you on the work we have been doing in school regarding online safety.

As you will be aware from my letter last week, we have been spending some additional time in class focusing on keeping safe online and managing appropriate communication, for example within online groups. This is linked to our computing curriculum and safeguarding policy.

During this work we have encouraged the children to reflect upon the comments they make to others, both online and in person.

To support the children in this reflection we have shared the following:

Each child has a laminated card as a reminder and we will continue to encourage them to consider this in their communications.

The messages that we are sharing with your children have the most impact when they are supported by you as parents. Please do continue to talk to your child about their online activity and regularly check their online devices.

We are working with the youth engagement officer from Surrey Police and he will be visiting our year 6 classes on Friday 17<sup>th</sup> March to talk with the children about his work and how he works with schools to keep children safe online.  
Thank you for your continued support with this matter.

Kind regards

Mrs Bailey  
Head of School
